If you are a California resident, the California Student Aid Commission provides grants to qualified students, which assist you with your educational expenses. If you are not a California resident, your home state might offer college grants even if you attend an institution in another state. Check the U.S. Department of Education website for a list of state higher education agencies that can direct you to the proper resources.

The UCLA Scholarship Resource Center is available to help you identify scholarships for which you are qualified. Other resources, including community service organizations in your hometown, faith-based groups and your high school career/college counseling center are options to explore. We also encourage you to initiate a search for additional scholarship resources via the internet.

Lastly, an online search will reveal various websites and databases dedicated to helping you locate the best scholarship opportunities. THE PERSONAL INSIGHT QUESTIONS

The University’s personal insight question portion of the application allows you to provide information that will give us more insight about you during the review process. Remember, the personal questions are just that — personal. The important thing is expressing who you are, what matters to you and what you want to share with us. You will have eight questions to choose from. You must respond to only four of the eight questions. Each response is limited to a maximum of 350 words. Which questions you choose to answer is entirely up to you. You should select questions that are most relevant to your experience and that best reflect your individual circumstances.

PERSONAL INSIGHT QUESTIONS

1. Describe an example of your leadership experience in which you have positively influenced others, helped resolve disputes, or contributed to group efforts over time.

2. Every person has a creative side, and it can be expressed in many ways: problem solving, original and innovative thinking, and artistic, to name a few. Describe how you express your creative side.

3. What would you say is your greatest talent or skill? How have you developed and demonstrated that talent over time?

4. Describe how you have taken advantage of a significant educational opportunity or worked to overcome an educational barrier you have faced.

5. Describe the most significant challenge you have faced and the steps you have taken to overcome this challenge. How has this challenge affected your academic achievement?

6. Think about an academic subject that inspires you. Describe how you have furthered this interest inside and/or outside of the classroom.

7. What have you done to make your school or your community a better place?

8. Beyond what has already been shared in your application, what do you believe makes you stand out as a strong candidate for admissions to the University of California?

STANDARDIZED TESTING

UCLA will not consider SAT or ACT scores for admission or scholarship purposes through fall 2024. This means we will not consider the SAT or ACT for admission for fall 2021. All applications will be reviewed holistically based on the criteria approved by our faculty through comprehensive review, including grades, curriculum, extracurricular involvement, and the personal insight questions, just to name a few. Demonstration of English proficiency is still required for international students through TOEFL, Duolingo English Test (DET), or IELTS scores.

HOW WE REVIEW OUR APPLICANTS

• All applications are reviewed in a consistent manner and all achievement – both academic and nonacademic/personal – is considered in the context of your educational circumstances, with an emphasis on the opportunities or challenges presented to you and your response to them.

• No single attribute or characteristic guarantees the admission of any applicant to UCLA.

• Application review consists of a comprehensive evaluation at all of your information (academic and personal). All applications are read twice, in their entirety, by two separate/independent admissions professionals.

• We are familiar with most California schools and many around the nation. Our understanding of different schools and curricula is also supported by information we receive directly from schools, including communication with school personnel. The UC application is designed for students to self-advocate, and we welcome information applicants think might be helpful in understanding their accomplishments within their school communities. GENERAL APPLICATION TIPS

• The University of California’s online application (UC Application) is used to apply to UCLA and all UC campuses. Find the application at: www.universityofcalifornia.edu/apply

• All academic and non-academic information plus personal insight question answers are reported via the online UC application. UCLA uses self-reported academic information when making the preliminary assessment of your application for admission. In completing your application, you will be asked to list all courses and grades from all schools and colleges you have attended. Complete the educational history section of the application exactly as it appears on your school records. Later, we will request official transcripts to verify the completeness and accuracy of this information.

• Applicants to The College of Letters and Science will be asked to select a major of choice, however, applicants who have not yet selected a major are welcome to apply with an “undecided/undeclared” status.

• The Samueli School of Engineering admits students by major (including Undeclared), students applying to Engineering may select an alternate major, within Engineering, if they wish.

• Applicants to the School of Arts and Architecture, Music; Nursing; and Theater, Film and Television will receive additional information regarding the respective school’s supplemental application following the submission of your UC application.

• We guarantee review of first-choice majors only.

• Transcripts are not required at the time that you submit your application. Official transcripts will be required after a student has been admitted.

• UCLA requests that you report all changes in your high school academic record as well as any changes in your mailing address that occur after you submit your application. You will receive information on how to do this following the submission of your application.
